

# 2018 Municipal Election Accessibility Plan

# Accessibility Plan for the 2018 Election

It is the goal of the Election Team to ensure that electors with a disability were provided with the opportunity to vote as independently as was possible in the Brantford Municipal Election. The Municipal Election Accessibility Plan is an extension of the City's commitment to providing open and accessible government.

After the 2014 Election, staff reviewed the accessibility initiatives undertaken during the course of the Election and compiled a report summarizing the findings. This report aimed to identify barriers that affected electors and candidates, as well as measures that were taken to increase accessibility. For the 2018 election, Election Officials will use this report to guide new initiatives to further increase accessibility while once again implementing measures that were used in the 2014 Election.

In support of compliance with the Act, staff reviewed the Accessibility for Ontarians' with Disabilities Act, 2005 S.O. 2004 c. 11 (AODA) and noted with attention the key definitions of 'barrier' and 'disabilities' as follows:

"Barrier" means anything that prevents a person with a disability from fully participating in all aspects of society because of his or her disability, including a physical barrier, an architectural barrier, an information or communications barrier, an attitudinal barrier, a technological barrier, a policy or a practice.

"Disability" means,

- (a) Any degree of physical disability infirmity, malformation or disfigurement that is caused by bodily injury, birth defect or illness and, without limiting the generality of the foregoing, includes diabetes mellitus, epilepsy a brain injury, any degree of paralysis, amputation, lack of physical co-ordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment, or physical reliance on a guide dog or other animal or on a wheelchair or other remedial appliance or device,
- (b) A condition of mental impairment or a developmental disability;
- (c) A learning disability, or a dysfunction in one or more of the processes involved in understanding or using symbols or spoken language,
- (d) A mental disorder, or
- (e) An injury or disability for which benefits were claimed or received under the insurance plan established under the Workplace Safety and Insurance Act, 1997.
